Description	<p>World AIDS Day is observed annually on December 1". It is a chance for people all around the world to come together in the battle against HIV, to support those who are living with HIV, and to remember those who have passed away from an AIDS-related illness. World AIDS Day was the first international health day, established in 1988.</p> <p>The day offers a chance to raise awareness about the pandemic's current state and to promote advancements in HIV/AIDS prevention, treatment, and care all over the world. It has grown to be one of the most well-known international health days and a significant chance to spread awareness. The event was successfully completed, and participants submitted their posters. "Know your Status, End AIDS" was the theme for the poster presentation. Many students from every pharmacy department took part in the competition.</p>

Description	<p>The goal of Environment Day is to increase environmental awareness. Because the ecosystem provides us with everything we need to survive as humans, protecting the environment and preserving the ecological balance of the planet are imperative. Different activities aimed at creating awareness of the need to protect and preserve the environment were organized. There included a Poster Campaign, Debate and Quiz Competitions.</p>
